

Doublebase Emollient Shower Gel

Uses

For the management of dry and chapped skin conditions which may also be pruritic (itchy) or inflamed. May also be used as an adjunct to other topical treatments.

Dosage

Adults, the elderly and children: apply before, during or after showering to prevent the drying and irritant effects of normal showering. Use regularly and as often as necessary.

Format and Ingredients

White opaque non-greasy shower emollient containing:
Isopropyl Myristate 15% w/w, Liquid Paraffin 15% w/w,
