

Sterimar Stop & Protect Allergy Response

Uses

Relief from the symptoms of allergic rhinitis including blocked, runny, itchy nose, sneezing and tingly, watery eyes.

Dosage

Adults and children from 3 years: release the spray by briefly pressing down on the pump. Keeping the head straight, insert the nozzle into the nostril. Spray once or twice into each nostril. Let any excess solution flow out and then blow the nose. Use 2 to 6 times a day until the nose is unblocked. Clean the nozzle with soapy water, rinse and dry. Suitable for pregnant and breastfeeding women.
